(There's \$\$\$\$ in Them All)

A Nice Little Home in the City, a Farm, the Kind Not Usually Offered for Sale, or a Water Privilege Which Cannot be Equaled?

THE HOME we have reference to is located on Long street and contains seven conveniently arranged rooms. House is finished in hard wood, has hot and cold water connections, bath-room and is very pleasantly located on a large lot four rods front and eight rods deep. Price of this property, if taken at once, \$2,000.00. Terms easy.

FARM IN MARSHFIELD. Known as the E. Smith place and owned by S. C. Pike. Farm contains 155 acres, is well divided and in a high state of cultivation. There is plenty of both hard and soft wood—an estimate of 100,000 feet. Place will easily carry 20 or 30 cows and team, summer and winter. Nice apple orchard. Property is pleasantly located near school, on R. F. D. route and four miles to railroad station. Buildings are insured for \$1,750.00; assessed for \$1,000.00. Price, \$3,500.00. Terms, \$1,500 down.

THE WATER PRIVILEGE is located about one mile from postoffice and the property consists of saw-mill, all equipped for sawing and dressing lumber. The present horse-power developed is 44 7/8, it being less than one-fourth of the actual power. Experts claim an 80 foot head, which would develop 225 horse-power. This is an excellent opportunity for an electric light plant or some manufacturing plant. It will not remain on the market long at the price asked, \$3,700.00.

It is now learned that a despatch printed recently purporting to give a detailed account of the daring deed of some burglars in breaking into the safe of Briscoe & Tupper at Churchville, in Rochester, with dynamite and securing \$2,000 and leaving with no clue to their identity was incorrect. The probability is that the affair occurred at Churchville, in Rochester, N. Y.

Assistant Secretary at the Navy Charles H. Darling has received many courtesies on his present visit to California. A reception was held for him at the Mare Island Navy Yard, and he thoroughly inspected the yard. He declared that the government could well afford to spend \$500,000 to secure a permanent channel of sufficient depth for the heaviest battleships.

H. A. Blake of East Barre has invented and had patented a game that gives promise of becoming very popular. It is a war game, something of a Russian and Japanese affair, and Mr. Blake hopes to get out one thousand of them between now and Christmas. The game is something after the style of the dolls at the county fairs that are set up to be fired at with baseballs. Instead of the dolls are miniature soldiers set up to be knocked down by a ball from a small imitation cannon.

Congressman Haskins has received a telegram from the post-office department suspending a former order reducing the mail accommodations in Putney, pending an investigation. The mail carrier asked more pay, as additional service had been put on since his last year contract, whereupon the department issued an order cutting of two mails. Congressman Haskins wired the department that the business interests of the town required that no reduction be made.

Very little has been heard or known of an industry that was established at St. Johnsbury nearly nine months ago, the Green Mountain Casket Co. Mr. Aldrich, the manager, has quietly worked up an increasing business, nevertheless, until now several hands are employed, and his orders always keep ahead of him. The making of caskets and good burial cases has been Mr. Aldrich's life work. His shop is one floor of a recent addition to the wood-working department of O. V. Hooker & Sons.

Complaints are coming into Bennington from farmers and others in that vicinity that cattle, horses and sheep turned into mountain pastures during the spring are now being found with considerable difficulty. It is believed by many that large numbers of the animals have been stolen. These complaints come mostly from residents of Pownall, Readsboro, and Stamford. Some residents of other towns have been unable to find much of their stock, although gangs of men have been searching several days over the snow-covered ranges. Such occurrences have been frequent in that section in former years.

Barrowing Nails. If a nail shows an inclination to grow in at the edges cut a little notch in the middle of it. The tendency then will be to grow toward the notch and fill it up. This draws the nail away from the skin at the sides.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide. Accept no substitute. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The town clock in a little English village went mad the other day and struck twenty-four times at 12 o'clock. At 4 p. m. it did better and rounded out an even hundred, but at 5 it struck continuously for fifteen minutes and only stopped then because a mob broke it.

A Drop in Poultry Food.
